

MICHAEL L. PUPIN GIVES HIS VIEWS ON IMMIGRATION

Says Poor Immigrant Has Opportunity Nowhere Like That in U. S.

TELLS OF HIS OWN LIFE

Arrived Here With A Nickel, and Friendless; Is Now A University Club Pres't

By James L. Kilgallen
I. N. S. Staff Correspondent
(Copyright 1930 by International News Service)

NEW YORK, Apr. 18.—"Nowhere has the poor immigrant such opportunities as the United States so generously offers."

Speaking with deep conviction and from personal experience, Professor Michael L. Pupin of Columbia University, now a world famous scientist, made this assertion in an interview today as he sat in his study and told a real life story that outlives Horatio Alger fiction. It was his own story.

Fifty-six years ago Pupin, a poor immigrant, arrived in New York from a bleak province in Hungary via steerage with only a nickel in his pocket and without any friends.

Today his long and distinguished career as a scientist has been climaxed by his election to the presidency of the University Club, one of the most exclusive organizations in the country which has among its membership 4,000 leading Americans, including President Hoover. Pupin was elected to that honor last Monday night, succeeding George W. Wickham.

"To think that a club like this, comprising the cream of American society—a 100 per cent American club—would elect the son of a Serbian peasant as its president is a remarkable thing," said Professor Pupin with feeling. "It thrills me."

Professor Pupin was modest about this honor. It wasn't the fact that he, personally, had been so honored that impressed him for many other high laurels have been bestowed on him. His contributions to scientific progress have been incalculable and include inventions that have revolutionized telephony, wireless telegraphy and the X-ray. It was the fact that the United States affords such opportunities to poor immigrants that made such a profound impression upon this noted man.

"I regard the election of the son of a poor Serbian peasant as president of the University Club as a compliment to America," said Professor Pupin. "It shows the democracy of this great country, its generosity of spirit."

"It is a complete denial of the accusation so often made by European writers that the United States is materialistic. The very opposite is the truth. Only an idealistic nation could do such a thing. With all due respect to the culture of France, Germany and other European nations I cannot visualize them doing anything like this."

Asked his view on immigration, Professor Pupin said he favored restriction, although not too drastic restriction.

"Why let every Tom, Dick and Harry into the country?" he inquired. "We should pick and choose so that we get the intelligent immigrants who are healthy in body and mind. The mentally deficient should be excluded. We've got to keep up immigration, however, so that we have fresh blood."

Professor Pupin is seventy-two years old. He was born October 4, 1858, in Idvor, Banat, near a province of Hungary but now in Yugoslavia. As a boy, while guarding cattle from thieves, he discovered that by thrusting a lance deep into the soil and pressing his ear against it, he received vibrations which told him where the cattle were wandering. Many years later this suggested uses of the vibration theory that changed the history of the electrical world.

Thirty-four years ago Professor Pupin devised a means of reducing the time of exposure in X-ray photography from one hour to a fraction of a second. This was perhaps his greatest contribution to science. Today there is not a hospital in the world that does not use that method of X-ray photography.

Railroad Employee Hit By Coal From Tender

Samuel DeMorse, 331 Pear street, was injured this morning while standing on the eastbound platform of the P. R. R. passenger station here.

DeMorse is employed as a track laborer and had stepped onto the platform to get out of the way of an express train running on Track No. 1. He was about 100 yards from the end of the platform when a large piece of coal fell from the engine tender and with considerable force struck DeMorse on the right leg.

The injured man was rushed to the Harriman Hospital by Harry Pittman, American Railway Express driver. It was stated at the hospital that the man's leg was probably broken.

Today in History:

Midnight ride of Paul Revere—1775.

In Gayer College Mood

Dudley Davis, Jr. (left), scion of a wealthy New York family, being commanded to release Alexander Forbes, the "fair maiden," by ye brave knight, Morgan D. Wheeler, in "Face the Music," a comedy given by the Hasty Pudding Club of Harvard University. Davis, Jr., leaped or fell to his death from the window of a Park Avenue, New York, apartment. Suicide is hinted.

DEFENDANT PROMISES A "NOISELESS" DAIRY

Injunction Hearing Continued Until Next Week In Smith Case

SEVERAL FOLKS TESTIFY

DOYLESTOWN, Apr. 18.—There will be no noise of loading or unloading of bottles in the operation of the new \$35,000 plant of the Sanitary Dairy, it was testified in court yesterday in the second day of the equity proceedings in which four residents of Decatur street have asked the court to enjoin the defendant from further operation of the present dairy plant and the new plant under construction.

Albert Smith, defendant in the action, testified that in his opinion the section of town in which he is located and the new plant is being erected is a business section and not strictly a residential section. In fact, he testified, a large portion of the products shipped out of Doylestown are manufactured in that section of Doylestown. He named at least a dozen business places within two or three blocks of the dairy plant.

Eighty per cent of all the milk served in Doylestown comes from the Smith plant at the present time. The plaintiffs complain that they are annoyed early in the morning from the constant din of milk bottles, the noise of trucks and wagons and the smell of sour milk in the summer season.

The defendant testified that his present plant made no unnecessary noises in operation but that his new plant would be practically silent. He informed Judge Hiram H. Keller, before whom the hearing is being conducted, that much time and study has been made on the new building to make it as near sound-proof as possible.

In the new plant all the loading and unloading will be inside a building behind closed doors. Mr. Smith explained. The boiler will be in the basement and hard coal will be operated with silent drives and the silent churn recently purchased by the plant will be installed in the new building.

The defense attorney was not allowed to bring into evidence the testimony of one witness as to the operation and location of dairy plants in other towns and cities, including Bryn Mawr where the dairy plant is located in the center of one of the finest restricted districts in the suburban section.

"We will agree," said the Court, "that a dairy plant is not a nuisance in itself. The question is whether it was operated properly or improperly that causes the nuisance."

Thomas V. Kennedy, of Philadelphia, who sold a large portion of the machinery to the defendant for the new plant, described it as "noiseless." He said that the defendant had contemplated the erection of a new plant long before the injunction proceedings were started.

Lewis W. F. Bailey, of the firm of Bailey and Brother, Doylestown, engineers and builders who are erecting the new plant, testified that the building is forty per cent finished and that material is on the ground that will finish the structure sixty per cent. The Bailey contract alone on the new building amounts to \$25,000.

Among those who were called yesterday by the plaintiff side were Benjamin Barnes, Anna M. Kolbe, William C. Schackney, Mary Schackney, Anna M. Barnes, Luella Rickert, Frank M. Flack, Anna Nelson and M. Flora Fretz.

Judge Keller continued the hearing until next week when fifteen more witnesses will be called by the defense including the representatives of the State Board of Health and other neighbors near the Smith plant.

RUG DESIGNER TALKS UPON "COLOR HARMONY"

Andrew MacArthur Says Color Has Tremendous Influence on Disposition

Andrew MacArthur, designer of carpets and rugs at the Leedom Carpet Mills, gave an interesting talk before the Bristol Exchange Club last evening, on the subject "Color Harmony."

He said in part: Color has a tremendous influence on character and disposition. The colors with which we live not only affect our dispositions, but to a great extent, reflect our tastes and personalities, as well as being important factors in shaping good or bad qualities. For this reason, harmonious colors are important in the home where children reside.

The colors we wear reflect our tastes. The people living in warm countries are fond of emphatic contrasting colors. Where the contrast of light and shade is so sharp as in Africa, there appears to be a deeply rooted preference for barred colors and striped patterns. The tiger owes his barred coat to his habit of hiding in the jungles, where the bright sunlight falls through the tall grasses and palms in stripes.

Colors represent individuality. At the mention of red we think of danger. Red is the fighting color. If you don't believe this, have your living room papered in red and find out for yourself. When you receive a shock you see red. Green is a restful color. Nature has supplied us with an abundance of green. Green suggests the awakening of spring, the resurrection of nature after a drab winter. Blue is the cold color, it suggests limitless skies, unfathomable oceans, ice and cold. The Chinese and Persians are very fond of this color. Purple is a color which is stately, pompous, impressive.

The sun is the source of light. Light is the source of color. The three primary colors are Red, Blue and Yellow; the compound or secondary colors are green, violet and orange. Black and White are neutral colors. With the addition of black and white to the primary colors, all other colors are made.

Some colors are complementary to others, or in other words, they harmonize. Red harmonizes with green, blue with orange and yellow with violet. Combining two primary colors is called elementary harmony. It is like a simple piece of music—say a two-part song. When we combine all the various tones and shades together, it requires more skill and, just as in music, where the ear has to be trained to fully appreciate the compositions of the masters, so the eye and taste have to be cultivated before one can appreciate complementary color harmony.

In planning color harmony the safest plan is to employ soft, neutral tones for the large areas or background, and use the brighter colors as touches here and there to brighten things up. Nature shows us how to do this to perfection. When starting to plan a color harmony, we have to select a key as in music. We usually start with the rug and build up. It is better to have the darker colors on the floor and the lighter on the ceiling, otherwise we may get top-heavy.

Entrance halls should be done in warm colors, to suggest friendliness and welcome. Living rooms should have rich, subdued colors and should be restful. Dining rooms may be more gay because we spend less time in them. Bed rooms should reflect tranquility and repose. Warm colors make a room look smaller, and cold colors because they recede, make it seem larger.

In closing his most instructive talk, Mr. MacArthur exhibited a drawing of a guest room, which displayed the harmony of complementary colors.

"LEARN THE RULES, THEN SHOOT," IS ADVICE GIVEN TO ALL BOYS WHO DESIRE TO ENTER MARBLE TOURNAMENT DURING BOYS' WEEK HERE

Equipment, Plan of Play, Regulations, Scoring, Penalties, Etc., Are Thoroughly Explained—Enthusiasm Waxes As Week Draws Nearer

Now, boys of Bristol and vicinity, the marble tournament for Boys' Week is near at hand. Learn the rules—then shoot.

That's the way to step out for the championship. The old-fashioned game of Ringer—hey, pop, that's the game you were telling us about—is the official game for Boys' Week.

Here are the rules:

The Game

Ringer is played in a ring ten (10) feet in diameter, with thirteen (13) marbles arranged in the center in a cross. The object is to shoot these marbles out of the ring, the player shooting the largest number of marbles out of the ring in any game being the winner of that game. No less than two and no more than six may play in one game in Ringer, except that in national championship matches two only play. In preliminary eliminations as many as six may play in one game. All tournament play is for fair, and marbles must be returned to owners after each game.

Rule I. Equipment

Sec. 1. The playing surface shall be a smooth level area of ground, hard clay, or other suitable substance. The ring is inscribed upon this area, 10 feet in diameter, and all play is within this ring. (Note: The outline of this ring shall not be so deep or so wide as to check the roll of a marble.)

Sec. 2. With the center of the ring as a point of intersection, mark two lines at right angles to each other to form a cross, which shall be a guide for placing the playing marbles. Place one marble at the center and three on each of the four branches of the cross, each marble three inches away from the next one.

Sec. 3. The lag line is a straight line drawn tangent to the ring, and touching it at one point. The pitch line is a straight line drawn tangent to the ring, directly opposite and parallel to the lag line.

Sec. 4. Playing marbles shall be round and made of clay. All marbles in any one playing ring must be of uniform size. The standard size shall be five-eighths inch in diameter. Slight variation may be allowed by the referee for manufacturing fault.

Sec. 5. Shooters shall be round and made of any substance, except steel or any other metal, and shall be not less than one-half inch nor more than SIX-EIGHTS INCH in diameter, as determined by the referee.

Rule II. Plan of Play

Sec. 1. The lag is the first operation in Ringer. To lag the players stand toeing the pitch line, or knuckling down upon it, and toss or shoot their shooters to the lag line across the ring. The player whose shooter comes nearest the lag line, on either side, wins the lag.

Sec. 2. Players must lag before each game. The player who wins the lag shoots first, and the others follow in order as their shooters were next nearest the lag line. The same shooter that is used in the lag must be used in the game following the lag.

Sec. 3. On all shots, except the lag, a player shall knuckle down so that at least one knuckle is in contact with the ground, and he shall maintain this position until the shooter has left his hand. Knuckling down is permitted, but not required in lagging.

Sec. 4. Starting the game, each player in turn shall knuckle down just outside the ring line, at any point he chooses, and shoot into the ring to knock one or more marbles out of the ring, or to hit or knock out of the ring the shooter of an opposing player, or players, if any remain inside the ring.

Sec. 5. If a player knocks one or more marbles out of the ring or hits the shooter of an opponent, or knocks an opponent's shooter out of the ring he continues to shoot. He ceases to shoot after his first miss, and then, is

(Continued on Page 4)

APPRECIATIVE AUDIENCE ENJOYS LENTEN CANTATA

Pearsonville and Bristol M. E. Choirs Present "Penitence, Pardon and Peace"

A. G. WATSON DIRECTS

A large and appreciative audience gathered last evening in the auditorium of the Methodist Church to hear the rendition of the sacred and beautiful Lenten cantata, "Penitence, Pardon and Peace," by the combined choirs of the Pearsonville M. E. and the Bristol M. E. churches, under the direction of Professor Albert G. Watson.

The vested choir of some forty or fifty voices entered the auditorium to the professional, "Peace, Perfect Peace," which was a most impressive sight.

The entire cantata from the opening to the closing chorus, was most beautifully and ably rendered. The soloists, Mrs. Charles Ratlike, soprano; Mrs. Russell Johnson, contralto; and Andrew B. MacArthur, baritone, are to be commended for their beautiful rendition of the parts assigned to them.

There was organ, piano and orchestral accompaniment. Mrs. Alfred Rogers, presiding at the organ; Miss Hilda MacArthur at the piano, and the instrumentalists comprising members of the Maurice Popkin Ensemble, of Trenton, N. J., and Lester D. Thorne, who are all to be congratulated.

The cantata is written in three parts; the first, "Penitence," beginning with the cry, "How long will Thou forget me, O Lord?" followed by the soprano solo, "O that I knew where I might find Him;" the second, "Pardon," assuring the pardoning of all sin, the baritone soloist singing, "O cast thy burden upon the Lord," and the third, "Peace," typifying the everlasting peace with God, the contralto soloist singing, "Come, ye blessed of my Father."

The closing and recessional hymn was "Saviour again to Thy dear name we raise, with one accord, our parting hymn of praise."

Scripture was read by the Rev. George F. Hess.

QUARTERLY CONFERENCE

Dr. Thomas H. Evans, district superintendent, will conduct first quarterly conference at the Harriman M. E. Church at 7:15 this evening. All official members are requested to be present if possible. Immediately following the conference there will be Good Friday service, when the pastor, Rev. C. H. Margerum, will talk, this being followed by Holy Communion. There will be an hour of meditation and prayer.

MOVED

Mr. and Mrs. James Reisz have moved from 317½ to 309 Washington street.

American Society Deb To Meet King and Queen

Nancy Hoyt, niece of General Dawes, United States Ambassador to the Court of St. James, will be presented to King George and Queen Mary shortly. She sailed for England recently with her mother, a sister of General Dawes. (International Newsweek)

HOLD YOUTH IN DEATH OF AGED NEW YORK MAN

Lad Says He Is the Son of An Episcopal Bishop of Tennessee

H A D A N ARGUMENT

NEW YORK, Apr. 18.—(INS)—A 21-year-old youth who claims to be James Maxon, son of an Episcopal bishop of Chattanooga, Tenn., was held by police today for questioning in connection with the death of David Paynter, 73, who roomed in the same house.

Detectives were told by the proprietress of the West End avenue rooming house that the youth and Paynter had an argument, and that the younger man struck Paynter with a chair.

Detectives could not determine whether Paynter died from the blow or from a fall. A fractured skull caused death.

The youth is quoted by police as saying he was intoxicated at the time. He gave police an address in Chattanooga, 905 Oak street, as that of his father, who he said was Episcopal bishop.

Mill Street Merchants Plan Another Sales Event

At a meeting of the Mill Street Business Men's Association held last night in the Proby Building, Franklin Gillespie asked each member present to cooperate in the elimination of vendors from out of town coming to Bristol and selling goods. He said that there was a "Hawkers and Peddlers Act" that punished such offenders, and that a great many of these salesmen were operating in the Borough daily.

An electric sign will be erected in the near future at the corner of Pond and Mill streets, announcing the location of the parking place behind the Grand Theatre. This sign will be two feet long and hung on a post at Vandegrift's corner properly phrased, so that it will catch the eye of the motorist.

Another big sales event is planned by the merchants on the second week in May and none other than members in good standing in the Association will be permitted to participate.

Edward Wallace, vice-president, acted as chairman in the absence of President Hugh B. Eastburn. About thirty members were present.

MOVED

Miss Alice Divinyne, formerly of Buckley street, has moved to Morrisville, where she is making her home with friends.

Mr. and Mrs. Robert Molloy, formerly of 217 Jackson street, have moved to Laings Gardens.

RAID HUGE STILL UNDER A GARAGE AT NESHAMINY

Plant Valued at \$10,000 Dismantled and Mash is Destroyed

GET ONE MAN IN RAID

Sliding Floor Concealed Plant Built Under Garage On Farm

A still, ingeniously concealed, and a hooch making outfit, valued at approximately \$10,000, was raided yesterday by Anthony Russo, Bucks county detective, and a detail of State Police from the Doylestown Barracks. The still was located on the farm of John Filprow, Warrington Township, North Wales. The estimated capacity is given as 200 gallons.

Detective Russo and Corporal Francis and Troopers Christie and Michael found the establishment after driving through some almost impassable roads. It is believed that the still was operated for the last time on Tuesday night. It was cold when the raid was staged.

There were 2000 gallons of grain mash and 50 gallons of alcohol. The still was dismantled by the raiders and the alcohol taken to Doylestown. The mash was destroyed and the barrels broken.

There was only one man found on the place and he gave the name of John Dykan. He said that he was employed to take care of the stock and knew nothing of the still. He was charged with the manufacture and illegal possession of liquor and a hearing before Justice Hobensack at Doylestown was held for a further hearing April 28th.

The Filprow farm is located in Neshaminy about two miles from the Easton Pike, near the Bucks county line. There are two lanes leading to the farm and the roads were in terrible condition.

The raiders searched the premises but Filprow and his family were not to be found. While the raiders were on the place a car started in the lane but evidently received either a signal or saw the raiders' car on the place. The machine turned and went out of the lane at a high rate of speed. The police gave chase but were handicapped due to the fact that they had a new car and could not race at a high rate of speed. It is believed that the car contained either Filprow or his son.

The still was located beneath a building which appeared to be a garage. There was a sliding floor in the garage and when this floor was moved the still was revealed in a sub-basement constructed of concrete.

The raid is considered highly successful and it is believed that one of the big plants in this section has been put out of business.

Committee to Sponsor Party for Girls' Week

A card party is to be conducted by the committee sponsoring Girls' Week in Bristol, the affair to be in the Bracken Post Home, Wednesday evening, April 23rd. There will be a number of prizes offered winners; and cakes will be placed on sale. Contributions for the week will gladly be received by the following who are members of the finance committee:

Mrs. Frank Lehman, Mrs. Joseph Singer, Miss Frances Landreth, Mrs. Warren Thompson, Mrs. Arthur Spicer, Dr. Mary Lehman, Mrs. Thomas G. Hawkes, Mrs. Howard E. James, Mrs. Anthony Russo, Mrs. Anthony Paone, Mrs. Edith Harding, Miss Katherine Keating, Mrs. Theodore Megargee.

CARD PARTY

A card party will be held in Hibernian Hall on Wednesday evening, April 30th, for the benefit of the fourth ward boys, the proceeds to be used for Boys' Week. The boys are working hard to make this party a success and they anticipate a large attendance. Many prizes will be given, pinochle and "500" played, and a pleasant evening is expected. The public is invited to attend.

GOOD FRIDAY SERVICE

A special Good Friday service will be held at St. Paul's Chapel, Edgely, this evening at eight o'clock. Rev. James F. Bullitt, of Philadelphia, will be the guest speaker. The services will last for one hour, and will be marked by an interesting message and good singing.

FIFTH WARD BOYS! The Five Times Champions And How!

Meet me at the St. Ann's baseball grounds, 2 p. m., Saturday afternoon, April 19th.
EUGENE SPADACCINO,
Leader.

LATEST NEWS

MANILA, April 18.—(INS)—More than a score of persons were dead and several thousand homeless today as the result of a two-day fire at Cadiz, in the Province of Occidental Negros. Members of the Philippine Red Cross are hurrying to the stricken town, while food and clothing is being dispatched from nearby cities.

LEBANON, Pa., April 18 — (INS) — Selma Reinoehl, 62, died in a hospital here today as a result of a fall down the cellar steps of her home here yesterday. She had suffered a fractured skull. Dr. David Reinoehl, of Erie, Pa., is the sole survivor.

ENTERTAIN AT CARDS

Mrs. Chester Beaton, of 400 Dorchester street, entertained a number of friends at her home on Tuesday evening at cards. The Misses Anna Beaton, Agnes Beaton, Dorothy Doan, Irene Hamilton, of Bristol; Miss Florence Beswick, of South Langhorne; Mrs. Edward Renk, Mrs. Samuel Shire, Mrs. James Newman, Mrs. M. L. Carman, Mrs. Fred Bux, Mrs. Herbert Bennett, Mrs. Albert Obrecht, Mrs. Madeline Shipp, Mrs. Lamont Marsh and Mrs. James Ridge. Favors were given: Mrs. Edward Renk, Mrs. Samuel Shire and Miss Florence Beswick.

VISIT HERE

Mr. and Mrs. William Doan, of Swain street, entertained on Sunday, their relatives, Miss Sarah Leedom, of Philadelphia, and Mr. and Mrs. Oswald Leedom, of Norristown.

Miss Pearl Wilkinson, of Brooklyn, N. Y., is paying an extended visit to her aunt, Miss M. A. Wilkinson, of 921 Beaver street.

Mr. and Mrs. Charles I. Bowen, of Radcliffe street, have as their guest this week, Mrs. Bowen's sister, Miss Virginia Carpenter, of Philadelphia.

Mr. and Mrs. H. Johnson, of Morrisville, were visitors during the week-end of Mr. and Mrs. J. V. O'Donnell, of 736 Beaver street.

Mr. and Mrs. Charles Lippincott, of Wilmington, Del., were Sunday guests of their relatives, Mr. and Mrs. John R. Downs, of 1007 Radcliffe street.

Mrs. D. J. Murphy, of Wilmington, Del., has been spending a week with her husband at the home of Mr. and Mrs. John Downs, of 1007 Radcliffe street.

Mrs. Made Allison, of Trenton, N. J., is making a several weeks' stay with her son-in-law and daughter, Mr. and Mrs. Harry M. Arnold, of 311 Radcliffe street.

Mr. and Mrs. Charles Carpenter, of Philadelphia, passed Sunday with their son-in-law and daughter, Mr. and Mrs. C. I. Bowen, of Radcliffe street.

Miss Lily Jost, of Philadelphia, and Mr. and Mrs. Ewald Moser, of Mayfair, spent Sunday with Mr. Moser's parents, Mr. and Mrs. Lewis Moser, of Hulmeville.

VISIT ELSEWHERE

Mr. and Mrs. Ralph Cahall and son, Ralph, and daughter, Miss Mildred Cahall, of 248 Monroe street, spent Sunday with Mrs. Cahall's brother-in-law and sister, Mr. and Mrs. William Walters, of West Philadelphia.

Mr. and Mrs. Robert Patterson, of 1015 Pond street, were guests over Saturday and Sunday of relatives in Morrisville and Trenton, N. J.

Mr. and Mrs. William Lafferty and family, of Monroe street, spent Sunday in New York, visiting relatives.

Mrs. John Applegate, of 235 Madison street, is spending this week in West Oak Lane, as the guest of

her grandchildren, Mr. and Mrs. Winnfield Smith.

Mrs. Douglas Johnson and children, Leo and Betty, of Wilson avenue, are making a two weeks' stay with relatives in Mount Holly, N. J. Mr. Johnson will join his family over the week-ends.

Mrs. Robert Cochran, of 348 Harrison street, spent Saturday in Philadelphia, visiting her father-in-law, Charles Cochran.

Mrs. Roy Harbinson, of Spruce street, has been paying a week's visit to relatives in Jersey City, N. J.

Mr. and Mrs. Robert P. Moore, of 324 Taft street, spent Wednesday in Philadelphia, visiting Mrs. Moore's mother, Mrs. Thomas Doherty.

Mrs. Harry Headley, of Wood and Washington streets, and Miss Gertrude Pope, of Washington street, spent Tuesday in Trenton, N. J., visiting Mrs. Headley's sister, Mrs. Ella Rue and Mrs. Frank Barnes.

Miss Mabelle Hargrave, the daughter of Dr. and Mrs. John J. Hargrave, of Radcliffe street, was a guest over the week-end of friends at the University of Delaware, Newark, Del.

D. J. Murphy, of 1007 Radcliffe street, spent the week-end in Wil-

mington, Del., with his family.

Mrs. Russell Johnson and daughter, Miss Noma Johnson, of 314 Lafayette street, are passing the Easter holidays with Mrs. Johnson's brother-in-law and sister, Mr. and Mrs. William Johns, of Nesquehoning.

Mrs. Harry Halpin, of 318 Hayes street, was a Wednesday guest of relatives in Philadelphia.

Mr. and Mrs. James Sterhardt and baby, of Harrison street, are paying a visit over the Easter week-end to Mrs. Sterhardt's parents, Mr. and Mrs. A. Marker, of New Brunswick, N. J.

Mr. and Mrs. Keith Rosser and family, of Wilson avenue, and McKinley street, are passing the Easter week-end with relatives in Wilkes-Barre.

Wayne Warner, of Wood street, James Hill, of Radcliffe street, Joseph Britton, of Washington street, and Robert Wright, of Lafayette street, are spending the week-end at Camp Bunch, near Flemington, N. J.

ILLNESS

Anita, the little daughter of Mr. and Mrs. Lamont Marsh, of Wood street, is ill at her parents' home.

"Bud" Gillespie, of Bath street, the janitor of Jefferson avenue public school, is very ill with an attack of pneumonia at the Harriman Hospital.

Mrs. Maurice Hellyer and Mrs. Ida Brown, of 206 Cedar street, and Clarence Brown, of New York, were Sunday guests of Mrs. Hellyer's son-in-law and daughter, Mr. and Mrs. Henry Minkema, of Edgely.

LEGAL

ADMINISTRATOR'S SALE of Valuable Real Estate and Personal Property

In pursuance of an order of the Orphans' Court of Bucks County, will be sold at public sale on Saturday, May 3rd, 1930, at 1 o'clock p. m., standard time, on the premises, all that certain messuage and lot of land situate in the Village of Cornwells Heights, Bensalem Township, Bucks County, Pa., on the southern side of the Frankford and Bristol Turnpike Road, adjoining lands of Charles Austin and others, containing 27 1/4 perches of land, more or less.

The improvements consist of a 2 1/2-story frame dwelling house with tin roof, divided into rooms of convenient size and adapted for use as a double dwelling, with porch, shade and fruit trees.

This property is located in the center of the village convenient to the new high school, as well as to trolleys, bus lines and railroads. This sale presents a splendid opportunity for anyone seeking a comfortable home in a desirable location or for a profitable investment. Sale positive in order to settle the estate of a decedent.

Real estate terms—10% in cash or equivalent at the close of the sale and the balance within thirty days thereafter.

PERSONAL PROPERTY
Immediately after the sale of the

real estate will be sold the following personal property: Six old-fashioned cane seat chairs, wash bowl and pitcher, bureau, platter, and two looking glasses. Terms of personality—cash at close of sale.

"Learn the Rules, Then Shoot," is Advice to Boys

(Continued from Page 1)

credited with the marbles he has scored.

Sec. 6. If, after a miss, a player's shooter remains inside the ring, he must leave it there and his opponents are permitted to shoot at it. If the shooter rolls outside the ring, he picks it up and on his next shot he is permitted to take roundsters and shoot from any point on the ring line.

Rule III. Playing Regulations

Sec. 1. Marbles knocked out of the ring shall be picked up by the player who knocks them out.

Sec. 2. Whenever a marble or shooter comes to rest on the ring line, if its center is outside the ring, or exactly on the ring line, it shall be considered out of the ring; if its center is inside the ring, it shall be considered inside the ring.

Sec. 3. A player hitting an opponent's shooter inside the ring, but not knocking it out, shall pick up any marble he chooses, and shall proceed to shoot. However, he shall not hit the same opponent's shooter again until after he hits another shooter, or knocks a marble out of the ring, or he comes around to his next turn to shoot.

Sec. 4. A player knocking an opponent's shooter out of the ring shall be entitled to all the marbles won by that opponent, and the opponent whose shooter has been knocked out of the ring is out of the game—"killed." If the opponent who was knocked out of the ring has no marbles, the player who knocked him out shall not be entitled to pick up a marble for the shot.

Sec. 5. If a shooter knocks out two or more marbles, or hits an opponent's shooter and a marble, or hits two opponents' shooters, or completes any other combination play, he shall be entitled to all the points scored on the shot.

Sec. 6. When a shooter slips from a player's hand, if the player calls "slips" and the referee is convinced that it is a slip, and if the shooter did not travel more than 10 inches the referee may order "no play" and permit the player to shoot again. The referee's decision is final.

Sec. 7. The game shall end when the last marble is shot out.

Rule IV. Scoring

Sec. 1. For each marble knocked out by a player, he shall be credited with the score of one.

Sec. 2. For each time a player hits the shooter of an opponent, and does not knock it out of the ring, he shall be credited with the score of one.

Sec. 3. For each time a player knocks an opponent's shooter out of the ring, he shall be credited with all the marbles previously scored by the hit opponent.

Sec. 4. The player having credited to him the largest number of marbles at the completion of the game shall be the winner of that game.

Sec. 5. In games where more than two players are engaged, if two or more players lead with the same score, those in the tie shall play a new game to break the tie.

Sec. 6. A player refusing to continue a game, once it is started, shall be disqualified, and if only two players are engaged, the game shall be forfeited to the opponent.

Sec. 7. The score of a forfeited game shall be 13-0.

Rule V. Officials

Sec. 1. The officials shall be a referee and a scorer, if a scorer is available, otherwise the referee shall also keep score.

Sec. 2. The referee shall have complete charge of the play. He shall interpret these rules and have power to make decisions on any points not specifically covered by these rules. He shall have authority to disqualify any players for unsportsmanlike conduct. He shall have authority to order from the playing field, or its vicinity, the coach or other representative of any player, who conducts himself improperly.

Sec. 3. The scorer shall keep a record of the game, marking score of each player, shot by shot, and at the termination of each game, shall notify the referee of the score, and the referee shall announce the winner. The scorer shall assist the referee in enforcing the rule against coaching, and call to the attention of the referee any infraction of the rules.

Rule VI. Penalties

A player shall not—
Sec. 1. Lift his hand until the shooter has left his hand. This violation is known as "histing."

Sec. 2. Move his hand forward until the shooter has left his hand. This violation is known as "hunching."

Sec. 3. Smooth or otherwise rearrange the ground, or remove any obstacles. He may request the referee to clear obstructions. PENALTY: If any marbles were knocked out or dislocated on the shot, they shall be restored to their places, and the player shall lose his shot.

Sec. 4. Change shooters during the course of the game. He may choose a new shooter on each lag, provided he uses that shooter in the subsequent game. PENALTY: The player shall be disqualified from the game.

Sec. 5. Communicate in any way with his coach during the course of the game. PENALTY: Forfeiture of all marbles he has knocked out of the ring, said marbles to be returned to the game and placed on the cross.

Sec. 6. A coach shall not give instructions to either his own or any other player engaged in the game. PENALTY: Coach shall be ordered from the playing field, if, after being warned once, he continued this violation.

Sec. 7. Players must not walk through the marble ring. PENALTY: After a player has been warned for

violation, the referee may require the forfeiture of one marble, on a second offense, said marble, to be returned to the ring and placed on the cross.

Rule VII. Age of Players

Sec. 1. The tournament is open to boys of 14 years or under.

Sec. 2. A boy who becomes 15 on or after July 1, 1930, is eligible to play, and one who becomes 15 anytime before July 1, 1930, is not eligible to play.

Definitions

The term "MARBLES" in these rules is used to denote the object marbles only, variously known as milbs, milgs, commies, hoodles, ducks, etc.

The term "SHOOTER" is used to denote the offensive marble, variously known as the law, moonie, glassie, etc.

"KNUCKLING DOWN" is the act of resting a knuckle or knuckles on the ground when shooting.

"SHOOTING" is the act of holding the shooter between the thumb and finger and releasing it by force of the thumb.

"HUNCHING" is the act of moving the hand forward across the ring line, when shooting from the ring line or forward from the point at which the shooter came to rest when shooting inside the ring. (Forbidden).

"HISTING" is the act of raising the hand from the ground in shooting. (Forbidden)

"ROUNDSTERS" is the privilege of taking a different position on the ring line for shooting and is permitted only at the start of the game or on a turn after a shooter has passed out of the ring.

"FOR FAIR" is playing for sportsmanship only, when marbles are returned.

turned at the end of each game to their owners. All Marble Tournament games are FOR FAIR.

"LOFTING" is the act of shooting in an arch through the air to hit a marble.

"BOWLING" is the act of rolling a shot on the ground to hit a marble.

Improvement Noted in The Condition of Three Injured

"Doing nicely" is the report concerning Miss Anna B. Brady, teacher of the first grade at the Wood street public school, who was injured when struck by an automobile Wednesday night. Miss Brady suffered a compound fracture of the right leg, and is a patient at the private hospital of Dr. J. Fred Wagner.

Miss Helen Nowack, Bristol Township, who was struck by an automobile on Newport Road, Tuesday afternoon, is reported as slightly improved.

Improvement is also noted in the condition of Miss Lena Zollner, Philadelphia, who was hurt when she was involved in an automobile accident at Andalusia on Tuesday.

Pinocle Games Attract Many at Fire Station Here

The Ladies' Auxiliary of American Hose, Hook and Ladder Company, No. 2, gave a card party in the hose house, Pond and Mulberry streets, last evening. A most pleasant evening was spent playing the game of pinocle.

Those who attained high scores received a prize, and there were many pretty and useful gifts on display to choose from.

The lucky winners and their scores (bred, 687; Mrs. Baldwin, 685; Mrs. were: Mrs. Clara Bailey, 743; Peter Emma Herman, 675; Mrs. Elizabeth Capota, 725; Mrs. Mae Force, 727; Himman, 653; Clifford Appleton, 629; Louis Merolla, 727; Mrs. Bessie Camp, A. Vanzant, 604; Mrs. E. Delker, 599; bell, 713; Mrs. Chra Middleton, 711; Mrs. Adaline Smith, 582; Miss Maretta Doan, 581; Ralph Walker, 580. Refreshments of sandwiches, cake, 707; K. Christopher, 602; Mrs. Ferrin, coffee and soft drinks were sold; and 691; Leon Prickett, 688; Mrs. Good—a neat sum was realized.

Prepares for Biennial Convention

Mrs. JOHN M. HANNA

Mrs. CHARLES V. GILKEY

MARY DINGMAN • BISHOP F. J. MCCONNELL • YONE MASUDA • PAUL H. DOUGLAS • PALMA MOLNAROVA

The biennial national convention of the Young Women's Christian Association will be representative of several leading cities, town and villages throughout the United States. It will be held in Detroit and in addition to delegates from almost every walk of life who will participate in the discussions, the assembly will be ad-

ressed by prominent men and women well known throughout the world. Among the speakers will be Miss Mary Dingman, of London; Bishop Francis McConnell, head of the Federal Council of Churches in America; and Paul Douglas, of the University of Chicago.

(International Newsweek)

A gigantic round table discussion in which 4,000 persons will take part is to be held in Detroit during the last week of April. Woman, her place in the home, in the industrial world, as a worker, as a worker in both trades and professions, her working and her living conditions, her role in the movement for international good will and harmony—all these vital matters are to be discussed at the coming biennial national convention of the Young Women's Christian Association in the United States. The 1,500 delegates will come to Detroit from 1,500 cities, towns and sparsely settled lo-

calities. All walks of life, all professions and occupations will be represented, and every group will have its chance for discussion.

In conjunction with the convention various groups of college girls, business girls and girls employed in mills, factories and plants will hold their own assemblies of several days' duration. At the end of the various groups will appear before the main convention body and report their own findings on matters vitally affecting their interests. Unemployment is to be especially studied by all groups and by the

Town Briefs

VISITING HERE

Mrs. Bridget Wasley, Mr. and Mrs. Joseph Wasley, Mrs. Katharine James and son, Junior, of Wilkes-Barre, were week-end guests of Benjamin Broadbridge, of East Circle.

Miss Dorothy McNally, of Oak Lane, has been the guest of her cousin, Miss Marie Buchler, of Jefferson avenue, for the past several days.

Noted Chicago Dietitian Advocates Flaxolyn For Stomach Health

THE STRONG, ERECT, AGILE FIGURE OF JOHN MAXWELL IS WELL KNOWN TO MILLIONS OF PEOPLE WHO FREQUENT CHICAGO'S LOOP DISTRICT. HE, WITH DR. VICTOR HUGO ENDLARIH AND ANTONY BERHALTER, WERE THE LEADERS IN THE WESTERN HEALTH FOOD MOVEMENT, WHICH HAS GROWN TO TREMENDOUS PROPORTIONS.

Famous Health Leader Says Stomach and Liver Sufferers by the Hundreds of Thousands Are Turning to Flaxolyn, Coupled With Sensible Health Food Diet

"For a long time," John Maxwell stated in a Chicago newspaper, "I have been seeking a natural herbal preparation which would supplement a correct diet and proper hygiene in keeping the body 100 percent fit at all times. I have found that preparation in Herbal Flaxolyn.

"Flaxolyn is the discovery of an American physician, Dr. Harry I. Luntz, who, like myself, has devoted his life to the study of roots, barks and herbs and their application to the needs of the human body.

"Flaxolyn is not only the ideal corrective for constipation, but it is as well the sensible road to

stomach health and digestive regularity."

Thousands of people here who formerly suffered nights of sleeplessness and days of stomach distress due to constipation, now feel fit, eat with keen appetites, and sleep serenely since taking Nature's own formula, Dr. Luntz's new Herbal Flaxolyn.

Hundreds of noted doctors and health sanatoriums all over the world have used Flaxolyn in the treatment of such symptoms as dizzy spells, liver disorders, gas, headaches, bad breath, belching, bloating, indigestion, sleepless nights—and have already written in praise of Flaxolyn.

MAKE THIS FREE TEST OF FLAXOLYN

You do not take the slightest risk when you give Flaxolyn a trial. The money you leave with the druggist is merely a deposit. The quick results must prove to you that Flaxolyn is more than worth the small amount you pay for it. Behind every bottle stands the integrity of the doctor who originated Flaxolyn, and who gives his own personal guarantee of your complete satisfaction. Flaxolyn is obtainable at any druggist, particularly:

NATIONS ENDANGERING EFFORTS FOR PEACE

By J. C. Oestreicher
I. N. S. Cable Editor

NEW YORK, Apr. 18.—While the statesmen of the world are struggling through the morass of international jealousies to evolve a lasting peace, the invention and perfection of death-dealing machines, designed to render the next war a thing of almost incredible horror, goes on apace.

No single nation, spurred by empirical desires or militaristic ambition is leading the way in this work of scientific preparation for destruction of human life and property. The manufacture of machines of war is taking place in all countries, even as the delegates of five sit about a London council table signing the latest document designed to preserve peace in the world.

In a recent address former Secretary of State Frank B. Kellogg, co-author with M. Aristide Briand of France of the Pact of Paris, sometimes known as the Treaty for the Outlawry of War, declared that the first step toward actual material disarmament was the creation of a unanimous "mental disarmament" among the peoples of the world.

How far the world at large is from this Utopian state is shown by a few of the most recent machines of war which twentieth century science has devised. Perhaps these machines themselves could be used as the strongest possible argument in favor of disarmament for a civilization so advanced as to harness electrical

waves into television achieve the speed of the wind on land and in the air and to make the forces of Nature virtually all subservient to the hand of man, is capable now of devising a war so horrible that the inexperienced mind can scarcely conceive it.

Latest honors in the field of war machines goes to Great Britain, for the reported perfection of a brand new type of bombing aircraft, designed to spread death and destruction unguided by human hand.

According to the London Daily Mail, the new weapon is a combined flying torpedo and giant armored airplane. It functions entirely without a crew, being controlled by machinery adjusted for its deadly work beforehand.

The hull of the plane is simply a capsule for gigantic bombs, and its imposing armament includes poison-gas tanks. There is no space for a human occupant, and no need for one. Everything is controlled by a sort of clockwork, by means of which bombs can be dropped at intervals of one, two or five minutes while the aerial

Juggernaut is hurtling through space. When the bombs have been spent, poison gas is released to complete the destruction. When the plane has been reduced to nothing but a harmless shell, its ammunition and gas all gone, another device stops its engines automatically and the machine hurtles to the earth.

What possibilities machines of this type open up are simple enough to see. Coupled with this aerial monster are new types of poison gas, said to have been perfected in various nations of Europe, and capable of wiping out entire towns, villages and even cities, destroying vegetation as well as human life.

On the seas, tremendous strides have been made in making warcraft

more deadly. Aircraft carriers, each equipped with scores of death-dealing planes, are now admitted to be the most important parts of the world's war fleets. Germany, with her much-discussed 10,000-ton battle cruiser *Erzatz Preussen*, has incorporated into a comparatively small vessel more dangerous armaments than on any vessel save a super-dreadnaught, and has added the advantage of a thirty-five knot speed.

Authorities admit that it would be a comparatively simple matter to convert gigantic aircraft such as the D. O. X. into an armored plane, capable of carrying a regiment of more than 100 men, and planes such as those which achieved 359 miles an hour speed in the Schneider Cup trophy races could

be used as swift engines of destruction.

Every once in so often comes the announcement of a new death ray, a more deadly gun, a new explosive bullet, a new improvement in submarines. Science is moving ahead faster than ever before in history, and a sizeable part of its achievements appears to be in the field of war machines. If the nations of the world

ever meet on field of combat again, pretty lamp which was donated by each apparently will be fully prepared to obliterate the other with a swift ruthlessness that will pale the horrors of the last war into insignificance.

PARKLAND

There were thirty tables of pin-
e and four of bridge at the Com-
munity House on Saturday evening,
when Mrs. Charles M. Botke was
hostess. An orchestra composed of
boys from the vicinity entertained af-
ter the name. Mrs. M. Sims won a

The next card party in the Com-
munity House will be on Saturday
evening, April 26th, when Mrs. W.
Rogers Watson will be in charge.
Mrs. Watson promises to have a large
number of pretty and useful prizes,
and hopes to be hostess to a great
number of pinocle and bridge play-
ers. She will be assisted by Mrs. Ray-
mond Bilger.

Saturday, April 19, is Social Night.
You and your friends can enjoy a
pleasant evening at the Community
House. Coffee and doughnuts (home-
made ones, too!) will be served.

KONJOLA GAVE AMAZING HELP TO THIS MAN

Kidney and Liver Ailments
Offer No Problem to Power
of New and Different
Medicine

MR. JOHN MOYTA

"I had about abandoned hope for all medicines and treatments had failed utterly to relieve my case," said Mr. John Moyta, 1259 Superior Avenue, Pittsburgh. "I suffered from a severe case of kidney and liver trouble. My back ached me so badly at times that I nearly went mad. I could not sleep at night and was worn out and listless all the time. My stomach was weak and I suffered sharp indigestion and gas pains after meals."

"I was a physical wreck when I began taking Konjola. This great medicine was what I had been searching for all those years. After the second bottle my health began to improve. In a few more weeks I was well on the way to better health than I had enjoyed in years. Today I am a well man. My kidneys, liver and stomach function as they should and I am free from pain of any kind. I eat heartily and have gained in weight."

Konjola is a medicine that, when given a fair trial, six to eight bottles, easily and harmlessly eliminates the common ills of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness.

Konjola is sold in Bristol, Pa., at Hoffman's Cut Rate Store, and by all the best druggists in all towns throughout this entire section. (Adv.)

Invest
in Dependability

A distinguishing feature of the Nash "400" is its dependability.

Nash engineers and Nash craftsmen have designed and built the car for permanence and long life. Only the finest of materials that money can buy are deemed good enough for Nash.

And Nash precision standards of manufacture are most exacting.

That is why the Nash "400" is such a sound investment. That is why it repays its purchase price more richly in finer performance, in greater comfort, and in longer dependability.

Nash quality standards of engineering and manufacturing are identical thruout the complete range of Twin-Ignition Eights, Twin-Ignition Sixes, and Single Sixes.

SPORTS

LERMOND, CONGER AND MARTIN TO RUN IN RELAYS

By Henry McLenore
I. N. S. Sports Writer
NEW YORK, Apr. 18.—Maybe it's all for the best that Dexter Fellows, press agent extraordinary, was not idling around the University of Pennsylvania when advance copy for the Penn Relays was being prepared. For what Dexter would have done with the announcement that Leo Lermund, Ray Conger and Dr. Paul Martin were to meet in special three-quarter and mile events would have been too much for the average linotype to bear up under. Dexter, under wraps, might have billed it as conservatively as "The Mile of a Couple Centuries" but we doubt it. More likely is "The Mile of Aeon—The Greatest Single Collec-

tion of Biped Middle-Distance Runners Ever Gathered Under The Azure Skies of One Stadium."

To be utterly truthful the race, we're speaking of the mile, will not be the race of an aeon, a century or even a decade, but it will be one swell event and you may lay to that. For the Iowa school teacher and the Swiss medico flying feet managed to pitch many an exciting party on the indoor boards the past winter. These two, between them, provided much of the color and fire of the indoor season. Each time they met, a close, hard-driving race which was not decided until the last few yards was the result.

The personal duels between the two, while friendly, were of the keenest sort and lured many a customer inside. At the beginning of the season Conger, by many, was considered invincible at his distance. The long-legged Iowan was thought to have entirely too much last lap "kick" for any of his current competitors. But Martin, a slender, frail sort of chap, proved otherwise. He whipped Ray on more than one occasion and in the K. C. games apparently lost to Conger

only because he misjudged the finish line and began his sprint too late.

Lermund's entry in the Relay specials means nothing more than that the three best middle-distance runners in the world will battle it out. Lermund only recently returned from a tour of the Antipodes where he lifted the Australian half and one mile titles. He has been running steadily all winter and is in great shape.

Lawson Robertson, Penn coach, is of the belief that either or all of the three are capable of smashing the world's three-quarter mile record of 3 minutes 2 4-5 seconds established in 1895 by Tommy Coneff. Also Norm's mile mark.

Lermund's entry was good news to Conger. The Iowa boy thrives on competition. The more rugged the field, the better his performance. More than once during the winter season Ray expressed the wish that Leo had remained in the United States for the indoor competition.

Shires Beats Reese to Base

Andy Reese, center fielder for the New York Giants, finds himself in a tight position and tries to slide back to first base and safety. Art Shires, initial-sacker for the Chicago White Sox, beats him to it, however, and the umpire finds it necessary to wave Andy back to the bench.
